| Wroxham | Train |

Travelling on a Sanders or Our Hire Bus

Students can apply to us for a discounted daily fare or pre-paid pass, but other ticket options may be available directly from the operators.

Traveling on the 808 from Acle or Minibus

Only pre-paid passes from us are available for this service no daily fare or other ticket options exist. Where applicable students will be provided with a pass for both the 808 and feeder service.

Travelling by train

Only pre-paid passes are available under our scheme for train travel. Purchasing a ticket directly from Greater Anglia may be better value in many cases.

Further Notes

If you are applying from the Acle catchment area, and you don't live in Acle, choose Acle as your boarding point and you will receive an additional pass which covers the feeder service into Acle. See timetables for details of these services.

If you are a new student and where you live is not on the boarding point list, you need to make your own arrangements to the most appropriate place to you.
